The date was fixed after a long argumept before Justice Sewell to-day, in which Edward Sanford, representing the New York District-Attorney's office, fought long and fruitlessly for a postnt until January, even agreeing to Jan. 4 as a compromise.

Justice Sewell, when court convened, handed down a decision on the motion to smiss the indictment. He denied the motion, referring to the decision of the Court of Appeals in the Stedeker poolroom case, saying that but for this dedision he would certainly have dismissed the indictment.

Then John B. Stanchfield and Law ger Delehanty, of New York, representing Canfield, asked for an immediate trial, which was opposed by Mr. San-ford. Mr. Stanchfield said the people simply desired postponement for the purpose of securing new legislation. This Mr. Sanford admitted was true and said that the people had a right to this action if the Legislature thought it

Seized by a Deputy Sheriff in Proceedings Brought by J. Luther Pierson's Lawyer and Prophet Has to Walk.

John Alexander Dowle chose the correspondence between himself and his father, John Murray Dowie, which came into the possession of The World. as the subject of his discourse at his 'business men's meeting' to-day. There in this city on Dec. 15, the case having were not enough people on hand to listen to him, he thought, when the adver-tised time came, so he waited for half an hour. The attachment was for \$1,000, and was secured by Lawyer Robert E. Farley, his claim being for services in defending J.
